Client's Letter to Coast Organisation -> Gerard FARINA

Hello to all of you – and thank you again for all the wonderful help regarding our big group to La Clusaz 415 pax.

*First of all we want to let you know that AF Gruppen – all of them – and us (Norwegian Business Travel Agency) - are very satisfied with all the arrangements, and how everything went perfectly smooth. We have only positive feedback and **Mr Morten Midtskog the CEO of the AF Group company, AF Construction** himself is also very satisfied.*

- The welcome at the airport was perfect – you were represented with several persons, signs with AF-logo, the buses were all in place, and we left the airport short time after arrival ...*
- Informative information at the bus, and maps provided by the "guide"*

Desk with information and personnel at each hotel, with information and ski passes ready for each person– very good. Very nice for us and also all the participants that 3 of you spoke Scandinavian – easier to understand for those who doesn't speak English or French.

- Quick and smooth ski rental, so most of the clients could go skiing, short time after arrival.*
 - Some of them also got their rooms earlier.*
 - Very nice service provided for the couple who lost their luggage – you called ahead and they checked board, shoes and clothes for him. Very good.*
 - The hotels were all nice, good breakfast and helpful staff.*
 - Dinner Friday night at **AlpenRoc and Beaugard hotels** : very good! Lovely food, wine and quick and observant waiters.*
 - **Telemark café (altitud restaurant)** was ideal location and the perfect place for lunch Saturday. Lovely food, nice sunny weather and Dj. ...*
 - Nice organization of buses by Jeanett and Anna Lena. Loud and clear announcement of the departures back to La Clusaz.*
 - Bus departures to **Grand Bornand village** for the Gala Dinner: outside AlpenRoc it was very narrow and small areas for buses à quite crowded. But on the other hand – this made the arrivals at Grand Bo more spread – all of the peoples didn't arrive at the same time. Informative info at the buses were given, regarding departure times and also about the summer time- correction of the time/clock.*
 - "Grand Bo" Village was a perfect location for the Gala Dinner, the tables were nicely decorated and the cloak room worked out fine.*
- The meal was delicious, the wine very good and the personnel also very professional. The system you had worked out for the allergies during the whole week-end was also working out perfectly. The only thing was that they got about the same dessert both Friday and Saturday.*
- Buses back to the hotels continually during the night. Very thankful to the last bus that went back and picked up the sleeping one participant..*
 - All of you were again represented at the hotels fresh and happy Sunday morning Very thorough by counting all guests, keys and calling the rooms to wake people who still were asleep. All this made our job more easy.*
 - Bus transfer back to airport without problems, information given regarding check in and desks. At the airport you were helpful and helped us organize all passengers to a convenient check in and closure of the week-end.*
-

Best Regards

Ms Randveig | Travel Agency Manager
